

Mason-Lake Conservation District Tree Pickup in October 4, 2013

Trees can be picked up at the District Office located approximately 3/4 mile north of Scottville. Please fill out the order form and return to our office. Orders should be placed no later than September 27th and will be filled on a first-come basis. We reserve the right to cancel if necessitated by conditions beyond our control. The District will not be responsible for seedlings after pickup.

Fall Tree Planting is recommended only for conifers on coarse textured soil (sand and loamy sands), soil that is well or moderately well drained.

Looking for something other than conifers? Don't forget our Annual Spring Tree Sale to be held in mid-April, 2014. Tree Order Forms will be mailed out by mid-January in the District's Newsletter.

TREE ORDER FORM

If you're looking for a special gift for that "hard to buy for person", gift certificates are also available in the office. We also have a variety of conservation books, bird houses and bird feeders available for purchase anytime.
